

The Ryder Cup event last weekend was a blast! Even though the weather wasn't perfect, everyone had a good time...especially Team Fox, who beat Team Crow 22.5 to 19.5.

I've already heard from many of you who are already looking forward to the event next year. And I've already received some good ideas to kick around to make the event even better next year.

One thing we already have decided to do going forward: in an effort to build the rivalry, we'll keep these teams in place for next year, and open it up to the rest of the club to expand it by 4 or 8 players if there is interest. So you will have a spot on next year's team unless you cannot play, in which case Bill and I would hold a mini-draft to fill the holes in our roster as well as expand teams as mentioned.

Here are the CHIT totals for the Ryder Cup event last weekend: (Dave S/Steve B – I'm not sure who keeps track of this so I included you both on this email.)

Congrats to Mark Peterson for being the "medalist" in winning 3.5 of a possible 4 matches. And a tip of the cap to Randy and Tyler Herman for attaining the ever-elusive achievement of taking home \$150 by losing every single match they had. 😊
