Tee Times

Play is scheduled Saturday mornings between 8:00 and 10:00 a.m., depending on the season.
Contact the Pro Shop to sign up for a specific time.

Cancellation Policy

- The Pro Shop has a 24-hour cancellation policy. You MUST notify the Pro Shop (763-4284468) NO LATER than 24 hours in advance if you are canceling for reasons other than severe weather, or you will be responsible to pay for the tee time.
- The Saturday 18-Hole Women's League recommends that you cancel by Wednesday prior to the event to allow other players the opportunity to participate.
- We will play in light to moderate rain. Course wash-outs and lightening will cancel play.
- Call the Pro Shop when play may be questionable - it may be terrible in your neighborhood, yet still nice enough to play at Fox Hollow.

Frost Delays

At the beginning and end of the season, there is a high likelihood of frost delays. Please call the Pro Shop to verify starting times, but realize that they are making an educated guess. (If they say the delay is one hour, it may only be ½ hour.)

League Weekly Events

As part of your registration fee, you are automatically enrolled in our league's weekly events. Our league offers members the opportunity to participate in weekly events and compete for Pro Shop "chits". Winnings (chits) are maintained on the computer in the Pro Shop and can be used to purchase Pro Shop merchandise. CHANGE FOR 2022: Event pay outs will be flighted and by handicap giving more people a chance to win!!

Hole-in-One Club

A player making a hole-in-one during league play (May 1 – September 25) will be paid the amount in the hole-in-one kitty (the amount will be shared if more than one person makes an ace by years end). To be eligible for payout you must be a member of 2022 Hole-In-One Club as it is optional. If no one makes a hole in one this year, the money will carry over to the next season.

Sunshine Fund

Starting in 2021, the League Board has established a Sunshine Fund to serve as budget for additional league fun and benevolent activity such as flowers. An annual contribution is suggested of \$5 or more. This fund will be used at the discretion of the Board.

Scoring Weekly Events

- When filling out your scorecard, make it easy on the events committee members who score the event by entering all information needed as legibly as possible.
- Each card should have one player (first and last name) in the top section another player in the bottom section to leave room for the committee to make any marks necessary for scoring.
- Putt out every hole (no gimmees).
- If you have a "disaster" and need to pick up or enter an "X" for a hole, you will be withdrawn from the event unless that hole would not be counted in the event.
- Enter the actual score for each hole (not the net score).
- The Events Committee will be responsible for adjusting scores for event purposes.
- Each card must be signed, with the email address of the attesting golfer listed.
- Send your completed card by email to the events leader, kagx1@comcast.net

Posting Scores

To provide a fair playing experience for all members of our league, it is important that all players post every golf score during the season. It is the responsibility of each player to post and adjust her own scores in the GHIN handicap system. Please be sure to enter your scores from other courses too. Check with the Pro Shop if you need help adjusting your score. You may enter your scores online at the GHIN.com or through the GHIN

Mobile app that is available for iPhone and Android on app stores. In 2020 there are new rules for adjusting scores. Be familiar with the USGA changes.

Tees

All league events will be played from the Red Tees. You can choose to play the entire round from the Yellow Tees, but you will not receive any additional handicap strokes for the league event.

Rules

All league events are played in accordance with the USGA Rules of golf as well as any local rules that are published by the course professional.

When In Doubt of Proper Rule Procedure

If you are in doubt about the correct procedure you may, without penalty, play a second ball. When you do this, you must announce your intention to your playing companions and indicate which ball you intend to score with. Note the scores for both balls on your card (even if they are the same score) and call to report the situation to the club professional or Rules Committee after the round for a decision.

Local Rules

- Any local rules for "Course Under Repair" or other conditions will be posted on the information board and at the Pro Shop.
- #18 - If your ball strikes the power line, you must play another ball without penalty (see Rule 33-8 Local Rules).
- If it isn't possible to determine whether a ball is lost in a penalty area without walking to the other side of the penalty area and delaying play, you may play a provisional ball (#12 for example).
- #3 - If you hit your ball in the river on #3, drop your ball in the "drop area" on the other side of the penalty area, taking a one stroke penalty.
- If your ball lies in an aeration hole, you may take free relief. Place or drop the ball as near as possible to the spot where your ball lies (place it on the putting green, drop it elsewhere on the course).

League Rules

- #7 - After hitting two (2) balls into the penalty area, you may drop your ball on the other side of the penalty area, taking two penalty strokes. This rule was adopted to speed up play and does not apply during the Club Championship.

Rules Questions

Check with our rules expert, Barb Hygrell, bjhygrell@gmail.com or call the Pro Shop and ask for Eric Larson.
